### Dr. Kaiser earns Fellowship

#### For Immediate Release

Dr. Laura A. Kaiser, DMD, PA, earned her Fellowship in the Academy of General Dentistry (FAGD) at the AGD's 56th Annual Meeting & Exhibits in Orlando, Fla., on July 19, 2008.

The FAGD is one of the few post-graduate designations available to general dentists. It requires the dentist to complete over 500 hours of continuing education in various disciplines and to pass a rigorous examination.

"I am thrilled to complete this course and earn the Fellowship", said Dr. Kaiser. "It took a lot of time, effort, and commitment, and I am honored to join my fellow colleagues who have earned this prestigious award."

Dr. Kaiser combines a personalized approach to dental care with exceptional skills in an environment that emphasizes lasting, confident smiles. Her office provides comprehensive dental care for adults in Bonita Springs, Estero, Naples, and the surrounding areas for general, cosmetic, restorative and implant dentistry including laser technology, digital radiography, in-office teeth whitening, bite realignment, extractions, fillings, crowns, bridges, full and partial dentures, porcelain veneers and gum recontouring.

New patients are always welcome at Dr. Kaiser's state-of-the-art dental office in the Crossings at Bonita Springs, 28331 S. Tamiami Trail, Suite B-13, Bonita Springs, FL 34134. Dr. Kaiser and her staff can be reached at (239) 949-8220 or at her website [www.SmilesByKaiser.com](http://www.SmilesByKaiser.com).

Dr. Kaiser was among 212 general dentists who received the Fellowship award in Orlando. There are a total of 14,535 AGD Fellows throughout the U.S. and Canada.
